Report For Period 10/1/2017 To 1/1/2018

Mint Global Markets, Inc. has prepared this report pursuant to a U.S. Securities and Exchange Commission rule requiring all brokerage firms to make publicly available reports on their order-routing practices. The report provides information on the routing of "non-directed orders" (any order that the customer has not specifically instructed to be routed to a particular venue for execution).

This report is divided into four sections: one for securities listed on the New York Stock Exchange, one for securities listed on The NASDAQ Stock Market, one for securities listed on the American Stock Exchange or regional exchanges. For each section, this report identifies the number of non-directed orders as a percentage of total customer orders.
