www.speedtrader.com

Report For Period 10/1/2019 To 12/31/2019

Mint Global Markets, Inc. has prepared this report pursuant to a U.S. Securities and Exchange Commission rule requiring all brokerage firms to make publicly available reports on their order-routing practices. The report provides information on the routing of "non-directed orders" (any order that the customer has not specifically instructed to be routed to a particular venue for execution).

This report is divided into three sections: one for securities listed on the New York Stock Exchange, one for securities listed on The NASDAQ Stock Market, one for securities listed on the American Stock Exchange or regional exchanges. For each section, this report identifies the number of non-directed orders as a percentage of total customer orders.

Payment for Order Flow

Mint Global Markets, Inc. receives compensation on a per-share or per-contract basis for directing order flow to selected exchanges and brokers-dealers. Customers can request that Mint Global Markets, Inc disclose to its customer the identity of the venue to which the customer's orders were routed for execution in the six months prior to the request, whether the orders were directed orders or non-directed orders, and the time of the transactions, if any that resulted from such orders. HARD COPY OF THIS REPORT IS AVAILABLE UPON REQUEST. FREE OF CHARGE. Price improvement is available under certain market conditions. We post quarterly order routing execution reports at: www.speedtrader.com.
